New but subscribers of this paper will be allowed this New Year's Premium Gift, and all orders must be accompanied with above Subscribers' Certificate, which will be sent to cut out and send with directions for mailing to  
W. W. BOSTWICK & CO., PUBLISHERS,  
177 and 179 West Fourth Street, CINCINNATI, O.  
**A NEW YEAR'S GIFT TO SUBSCRIBERS**  
COPYRIGHT SECURED

**SAVE YOUR EYES.**  
**OUR PEBBLE SPECTACLES**  
And Eye Glasses are the best for failing sight. Cut and polished from the "Real Stone," they are perfectly transparent (will cut glass like a diamond). Being harder than the glass, they receive a fine polish and always retain it. One pair carefully suited to your eyes will last as long as five pairs of the best glass, besides preserving the sight almost unimpaired all that time. By our new system for testing the sight, we are enabled to suit any eye so accurately that no injurious effects will follow. We repair Spectacles and Eye Glasses, and insert Pebbles or the best Glass Lenses in all frames. Our Bi-Focal Spectacles are for old people who require spectacles to see far off as well as near by only one pair being required. To persons who cannot call on us we send our new illustrated Price List which shows how to order.  
C. P. BARNES & BRO., Opticians,

The Centertown mail arrives at 10 a. m. and departs at 11 a. m. Wednesday.  
C. J. LAWTON, Postmaster.

**AGRICULTURAL**  
**Why Don't Farmers Advertise.**  
[From the Prairie Farmer.]  
I have been looking through your columns for advertisement of Jerusalem artichokes, chufa, and also Plymouth Rock fowls. In the spring I saw notices that several persons were planting artichokes and chufa and would have seed for sale this fall. I want to buy now. Late advertising, as well as not advertising, is bad policy. Last spring I wanted several bushels of millet seed. Made inquiries and found none, so sent to St. Louis and paid 60 cents per bushel. A neighbor within one and a half miles of me had a lot and sold at 30 and 35 cents, and was glad to get that. If he had advertised he could have 75 from me for it cost 15 cents a bushel freight. Last spring I found no difficulty in obtaining \$2.50 each for grade pigs at weaning. At same time I constantly read of parties selling at \$1.50 each. I advertised—the others did not, and I could have sold a hundred more than I did. A few years ago I had cattle for sale. It is customary here on such an occasion to have 100 hand bills printed. I printed 500 and had a display advertisement and loans in the Manhattan Nationalist. The result was my sale was the most successful—both as to prices and character of paper obtained, of any that took place in this vicinity. Cattle and pigs sold higher than I anticipated, the latter going two and a half times more. It is true I had good stock, and the fact was known. But I attribute much of my success to my liberal advertising.  
I today write to Connecticut for what I should not go out of Illinois for—just because your farmers do not advertise but it off until it is too late for us, at this distance.  
Please stir up your producers, to let us know what they have got for sale.  
B. F. GRIFFIN,  
MANHATTAN, KANSAS.

**Sweet Potatoes.**  
In arranging our crop-plan for this season's operations, we ought not to overlook the importance of sweet potatoes. Among the provision crops which we can, and all of us ought to raise upon our farms, there is not one which we can grow at less expense and is more profitable than the sweet potato; and yet so absorbed are we in other crops that we pay little attention to it, and few of us do more than raise a few bushels in some spare corner, enough to carry us barely to Christmas.  
It should be remembered that for fattening hogs, sweet potatoes are very nutritious, and cost less than half the price of corn, and consequently the meat would cost half the price of corn-fattened meat. A prominent potato grower writes us that he makes all the meat he uses on sweet potatoes at a cost of less than five cents per pound.  
A sweet potato crop can be made with very little labor. After the ground is prepared and the slips planted, one tramping down with the hoe, then, soon after, a ploughing, a second ploughing when the vines begin to run, and then a hilling up with a hoe, are all the work.  
Unless the soil be naturally rich, let it be made so by free-banded application of manure, if a good crop of sweet potatoes are expected. The best land for them is what is called a sandy loam. Let this be well manured, broadcast, if practicable; if not, in the hill or drill, and let it be well pulverized by frequent deep ploughing—Mobile Register.

**Farmer's Wives.**  
Some years ago I was talking with Dr. Gray, chief physician in the New York state Lunatic asylum, at Utica, and he told me that, as a class, more farmers' wives were brought to that institution than people of any other occupation. He said: "The reason why this is so, is that their minds are constantly on one unchangeable routine of work, from daylight in the morning till late at night—no change—no relaxation—no rest."  
Farmers should note this fact, and be forewarned before it is too late. It is astonishing what a vast amount of labor farmers' wives perform! Many of them get up and have breakfast ready before their husbands are out of bed. Then it is work, work, till near midnight; the mind all the time being on their duties—how they shall supply the meals; how the washing and ironing are to be done; when can the floors be scrubbed; how the children are to be clothed and kept tidy; and many other things, all combined, are enough to break down the strongest woman in the land!

**THE REPUBLICAN STATE CENTRAL COMMITTEE OF LOUISIANA** passed a unanimous resolution yesterday asking Pinchback to resign his position as President of that committee, and also as a member of the National Republican Committee.  
DANVILLE Canines are afflicted with hydrophobia. They ought to have a dose of hot lead which is said to be a sure cure.

**GIVEN AWAY**  
To all persons who have Chills and fail to be cured. It is not often during these hard times that we ever hear of anything being given away; but in the present case we have an article that will bear the closest scrutiny and severest test in every sense of the word, and feel determined to place it before the public in such a manner that there cannot be a "doubting Thomas."  
To day all who may be afflicted with any form of Ague, or Chills and Fever, we make the proposition  
**To All Persons**  
To cure you with one bottle of Day's Ague Tonic.  
It never produces partial deafness, dimness of vision, buzzing or roaring in the head, or any of those unpleasant symptoms that follow the use of Quinine, it does not contain arsenic, strychnine, or any other poison; it acts directly upon the liver and bowels without the use of nauseating pills; it can be given to those whose stomach reject Quinine, and the cures are prompt, effectual and permanent.  
Procure from any Druggist or Merchant, one bottle of Day's Ague Tonic, use it as directed, and if it fails, return the empty bottle, and the money will be refunded to all  
**Who Have Chills.**  
This is surely a fair proposition, yet strange to say, none have been returned. Druggists and merchants say it gives more complete satisfaction, and is more readily than any other chill remedy they ever sold.  
Sold by Druggists and Merchants generally, at one Dollar per bottle.
